

## **New Registrant Positions for 2024-25**

Community Midwives of Halton is a well-established practice that services clients in the communities of Oakville, Milton, west Mississauga, Burlington and Waterdown. Our clinics are in Oakville next to Oakville Trafalgar Memorial Hospital and our new location on Bronte St in Milton. We hold privileges at both Oakville Trafalgar Memorial and Milton District Hospitals, and practice full scope care. We serve a diverse population in our expanding community, seeking to provide inclusive, client centered care.

Our practice is seeking a second NR candidate with full scope experience for 2 NR positions requested for the 2024-25 fiscal year, with a start date of September 1, 2024. A full-time caseload of 36-40 BCC is anticipated, and NR may either be in a shared team model or primary care depending on staffing in the fall. There is the possibility of staying on as a GR once the NR contract is completed as we are planning growth in our practice to meet the large community demand for services, particularly in Milton/north Halton.

We also have an established mentoring program within the practice to support the needs of our newest members. Our ideal candidates are confident, value teamwork, have a strong work ethic, and retain a sense of humour even at 2 am. Previous experience with EMRs such as Accuro, ISP, or Expanse Meditech is preferred but not required.

We invite interested applicants to submit their CVs and letters of introduction to [info@haltonmidwives.com](mailto:info@haltonmidwives.com) with "New Registrant" as the subject, as we will begin interviewing in January. Only potential candidates will be contacted for a virtual interview.
