

Abbotsford Midwifery & Wellness

We are looking for a full-time Midwife to join our lovely established practice in Abbotsford for a team of 3 with a flexible start date of September 2021. This would be a full caseload of usually 12-14 clients per month. We have a great schedule that allows for work/life balance and coverage and support for vacation.

Abbotsford Midwifery is a well established integrative health clinic with naturopathic care, acupuncture, registered clinical counseling and registered massage therapist. We are located in a beautiful spacious clinic infused with natural light. We are minutes to Abbotsford Regional Hospital and is easily accessible by car, bike, walking or bus. There is plenty of free parking and a there is a lab located on the lower floor.

We have two exceptional MOA's who keep our clinic running very smoothly. We use Oscar for electronic charting while our MOA's manage our admin work, including billings, birth rosters, referrals, faxing, filing and scheduling clients.

We hold hospital privileges at Abbotsford Regional Hospital. Our maternity unit is a 28 bed single room family centered space with large bright windows and an amazing staff of nurses and doctors. We have excellent working relationships with our maternity care providers which we have strived to achieve.

We are looking for someone who is interested in joining our team and community and who is willing to place our clients at the center of their care.

We value client centered, team oriented, supportive, collaborative care. We meet regularly to do chart review and have regular peer reviews with other practices in our community. We are committed to a work/life balance.

Abbotsford is located in the beautiful Fraser Valley which has endless opportunities to enjoy nature, hiking, biking, kayaking. We also enjoy lots of local restaurants, craft breweries, and local cafes. We are 1 hour east of Vancouver and 3 hours West of the interior.

If you are interested in joining our amazing team we would love to hear from you. We will waive clinic fees for the first month of practice.
