

# ALLISTON MIDWIVES

CARING HANDS MIDWIFERY SERVICES (EST. 1994)

Alliston Midwives is looking for a General Registrant or New Registrant to cover an upcoming 12 month leave, on a 3 person team. There is potential to become long term, depending on fit. Start date is flexible but preferably by November 2025. The schedule offers a great deal of time off, usually rotating between a week on-call, a week of clinic (usually 2 clinic days) and a week of vacation.

We are a friendly group of 8 midwives working in 3 shared care teams of 2-3 midwives, in a “Rurban” setting in South Simcoe County. We value work-life balance, post-birth meals together, an environment of support, laughter, and continuous learning. We strive to make collective decisions and ensure that everyone has a voice in our practice.

We have privileges at Stevenson Memorial Hospital in Alliston, Ontario (Level 1). We maintain care for epidurals, TOLAC, labour augmentations, and inductions for multiples. We transfer care for induction of labour for nullips. We work alongside a collegial group of obstetricians, as well as hospitalist physicians for neonatal consults.

We have a growing EMCM program to provide support to our maternal child and surgical programs and there is opportunity for involvement in this program during your off-calls days.

Caseload is flexible, depending on your needs. Your caseload will be built up prior to your arrival and due dates planned for the month you begin with us.

We are committed to inclusion and diversity. Folks who identify as IBPOC, LGBTQ2IA + or with diverse abilities are encouraged to submit a CV. All qualified applicants will receive consideration for the available contract positions.

Please send your CV and letter of introduction to [info@allistonmidwives.ca](mailto:info@allistonmidwives.ca). Selected candidates will be contacted for an interview.
