

Locum Midwife

Phone: 519-267-7266

Email: admin@bornmidwives.ca

We are now a group of 7 midwives, looking for a midwife to cover a leave. We can offer a position up to one year, may be longer depending on caseload. We are full scope, if you don't have oxytocin and/or epidural experience we have a training program for you to acquire the skills but we would want you to start a month or two before you have clients due in order to get this training and meet clients. Our catchment area includes Cambridge, North Dumfries and surrounding areas. We have hospital privileges at Cambridge Memorial Hospital (CMH), with a brand-new wing that opened this year.

We are looking for a person with good communication and organizational skills; experience working with an EMR (Accuro) is an asset. Ideally you start working with us by March but there is some flexibility to start before or after. We offer a positive, supportive environment amongst the midwives.

Our new (2018) clinic space is conveniently located across the road from CMH and has 4 clinic rooms, 2 washrooms, a kitchen/meeting room and free ample parking for midwives and clients.

Interested applicants should send a cover letter and CV to admin@bornmidwives.ca. Only those selected for interviews will be contacted.
