

New Registrant Position

Born Midwives

ACCEPTING APPLICATIONS NOW

Are you looking for a place to grow your skills and experience? Born Midwives is hiring a **New Registrant** to join our growing and diverse practice in Cambridge, ON. Our successful applicant will have a supported transition into the community and a caseload built with EDDs beginning 6-8 weeks after the initial clinic start date, which is negotiable. There is a high likelihood of a permanent position being offered beyond the new registrant contract.

Our practice is located conveniently across the street from Cambridge Memorial Hospital where we can order oxytocin and epidurals on our authority. We have excellent relationships with our consultants. CMH is a level 2 hospital with a new and beautiful Labour and Delivery space. Midwives are provided with in-depth hospital orientation to adjust to the community. NRs coming from partial scope communities will have additional training to ease transitioning into full scope. Our catchment area covers Cambridge, North Dumfries, and the surrounding area. We have a satellite clinic located in Ayr, Ontario.

New Hospital Wing-Includes Birthing

Birthing Suite

Lifestyle

Newcomers to the Cambridge community will enjoy the three historic Galt, Preston and Hespeler downtown cores with bustling community activities and local businesses. There are many hiking trails, lakes, and the Grand River for those who enjoy the outdoors.

Housing

Applicants looking to settle will find that real estate costs are significantly lower than in the GTA or Kitchener-Waterloo.

Working Environment

We strive to cultivate an environment that benefits our midwives' desires and wellbeing. We are looking for midwives who bring creative solutions to enhance work-life balance and bring joy to the workplace.

Support

We encourage our midwives to communicate any needs that may arise, including additional learning and unexpected off-call time. We offer equalized payments to all midwives.

Please send your CV and cover letter to admin@bornmidwives.ca
