Who Are We?

Community Care Midwives has been serving Durham Region for over 20 years. Our clinic is located just minutes from Lakeridge Health Oshawa, where we enjoy full scope privileges and excellent collegial relationships with obstetric, pediatric, and nursing staff. We are a supportive and collaborative practice currently working in a shared care model. Our clinic and call schedule are designed to encourage work/life balance, with ample off call time. We are a close knit group who enjoy celebrating life's milestones and accomplishments with practice lunches and get-togethers. We are passionate about fostering a respectful, inclusive workplace where midwives can thrive professionally while maintaining personal well-being.

CCM is pleased to serve a diverse clientele in Durham Region and surrounding areas. Located just an hour east of Toronto, we have a unique mix of urban and rural environments. We enjoy natural parks, lakeshore communities, and abundant farm markets. With hiking trails year round, cross-country trails and ski hills within catchment, this is a great area for those who love the outdoors.

Applicants

Community Care Midwives are currently looking for a New Registrant and/or General Registrant to join our practice Spring/Summer 2026. Oxytocin, epidural and EPIC experience are an asset, however, we will support the chosen applicant to be competent and confident with these skills. We are open to working with applicants to find a schedule that meets their needs.

The successful applicant will start with a full caseload, currently being built by the existing team members in our continuously growing community. This position has potential to become long-term. Applicants should have a positive, professional attitude and be a strong team player.

Interested parties please email your resume and cover letter to communitycaremidwives@bellnet.ca. Applicants must be eligible for registration with the College of Midwives of Ontario. Midwives who identify as BIPOC, LGBTQIA2S+ are especially encouraged to apply. Only suitable applicants will be granted an interview.
