Request for General Registrant

Cambridge Midwives is looking for a General Registrant Midwife to join our practice.

Cambridge Midwives is a well-established practice of 13 midwives, with differing caseloads and practice models. We enjoy a newly renovated and accessible office space with 5 clinic rooms overlooking the scenic Grand River. We use Accuro EMR for charting and scheduling appointments and we have two full time support staff who provide excellent communication and assistance. We strongly encourage work/life balance, and we have implemented protocols for on-call sleep relief and call coverage.

Cambridge Midwives practices full scope at our Level 2 hospital, which boasts an inviting new birthing wing. The midwives enjoy a great rapport with all hospital staff and are well integrated into all pertinent units. We have our own Chief of Midwifery; we have regular Midwifery Department meetings as well as joint meetings with the Obstetrics and Pediatric Departments. We work with oxytocin induction and augmentations, have epidural privileges and have Entonox for homebirths.

Cambridge is well situated near Kitchener-Waterloo and Guelph; we are approximately one hour from London and Toronto. Cambridge has a historic small-town feel, with many local establishments, community events and live music, walking and biking trails, scenic churches and architecture. Our catchment includes the geographic area within 30 minutes of Cambridge Memorial Hospital.

Cambridge Midwives is looking for an applicant who is evidence-based, clinically excellent and teamwork-oriented. Ideally, we are looking for a midwife who is comfortable with oxytocin use and epidural monitoring, but we are also accepting applications that have not worked in full scope.

**Kindly submit your résumé via email to info@cambridgemidwives.ca
with "GR Position: Attention Cecile" in the subject line.**
