

Barrie Midwives is looking for a General Registrant Midwife to join us at our well established, mostly urban practice. The position is for a full caseload midwife (36-40 BCCs, although not guaranteed) in a shared call model.

Our practice was established in 1999 with privileges at Royal Victoria Regional Health Centre where we enjoy positive interprofessional relationships. We currently transfer care for epidurals and oxytocin. The midwife joining us would be expected to be comfortable in both hospital and home settings, have great communication skills, and be committed to teamwork to facilitate work-life balance.

Barrie is an affordable, family centred community built around Lake Simcoe with many excellent recreational activities in every season (hiking, mountain biking, x-country and downhill skiing, beaches, boating, +++). We have a growing theatre scene, a variety of restaurants/patios, a weekly farmers market, Winterfest, Kempenfest, and great proximity to many music festivals.

Please send your CV and letter of introduction to [midwifepartner@gmail.com](mailto:midwifepartner@gmail.com) with "General Registrant" in the subject line. Selected candidates will be contacted for interview.
