

General / New Registrant Position Available

One year contract

With the possibility of extension to a permanent position

We are a group of 6 midwives who are committed to a healthy work/life balance. We prioritize quality care and sustainable life style.

- Position is covering for a Parental Leave starting December 2020.
- Our catchment area is a blend of urban/rural/semi-rural communities.
- We work in a shared care model with two teams of 3 midwives, switching work roles every 7 days. We rotate through on-call, clinic and vacation weeks with an even distribution of all roles by the end of the year.
- Hospital Privileges are held at Stevenson Memorial Hospital (Level 1) in Alliston. There are 3 OB's, Anesthetists, and Respiratory Therapists covering 24/7. There is no pediatrician at this time. We enjoy comfortable collegial relationships with the obstetricians and other health care providers in our community.
- We practice full scope with epidurals and oxytocin (in most cases).
- The successful candidate will be offered a 12 – 13 month contract with the possibility of extension to a permanent position.
- Our caseload target is 36-37 courses of care for the year, however, there may be some flexibility available if desired. There is an established caseload with due dates assigned for the December start month.
- The clinic uses an EMR (Accuro) offering flexibility and remote access.
- Please see our website for more practice details at www.allistonmidwives.ca
