

Generations Midwifery

We are a friendly, supportive, mixed urban and rural practice seeking two part-time midwives for a one year contract with possibility for extension.

details

Brockville General Hospital: Level 1
Ottawa Birth and Wellness Centre

40-55% planned out-of-hospital birth

Start date between December 2019 and January 2020 with primary births starting February 2020..

community

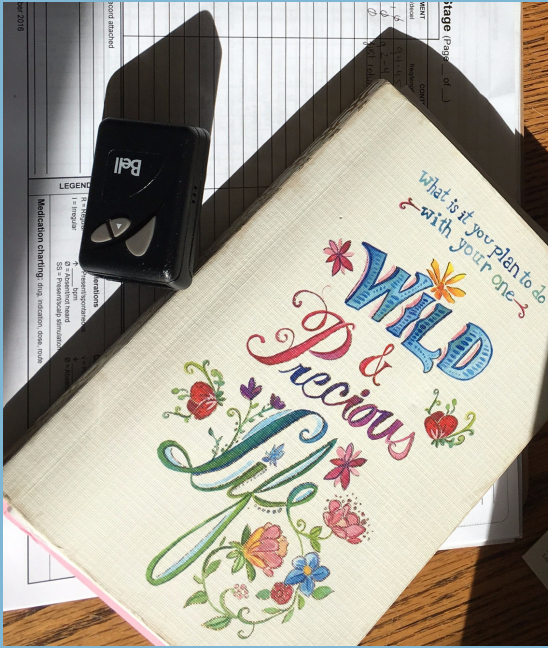

Brockville is a small town community on the St. Lawrence river surrounded by green space, parks, farms and quaint villages. We are one hour from Kingston and Ottawa. The amount of driving required depends largely on where you decide to live but most clients will likely be within a 30 minute drive. The cost of living is low.

We have a clinic in Kemptville approximately half way between Brockville and Ottawa. Our Kemptville clients have the option of birthing at the Ottawa Birth & Wellness Centre. This position will serve people in both locations.

The team at Brockville General Hospital are friendly and our relationships are respectful and low stress.

team

We are a small group of midwives with a strong commitment to informed choice, continuity of care and choice of birthplace. We are also strongly committed to treating each other equitably and kindly.
