January 22, 2018

ATTENTION TO ALL NEW REGISTRANT MIDWIVES

APPLICATIONS NOW BEING ACCEPTED

Gentle Beginnings midwifery is a practice which opened in January 2003. We are a semi-urban, rural practice that serves a diverse community. Our catchment area includes Stormont, Dundas and Glengarry townships. The practice has four clinic sites, one in Cornwall, one in Winchester, and one in Embrun, and one in Greely. Currently the midwives of the practice have privileges at the Winchester Memorial Hospital and the Cornwall Community Hospital.

The practice is looking for a new registrant who is able to join us starting in the Fall of 2018. Off time and holidays will also be established.

We are looking for a new registrant who has an interest in working with a diverse clientele, who is dynamic, enthusiastic, organized and has a good sense of humour. This is a great opportunity for a new registrant who is eager to participate in this growing practice.

Please send your resume and a letter of introduction by fax as soon as possible. Only the applicants being interviewed will be contacted. Thank you in advance for applying.
