NORTH DON RIVER VALLEY

MIDWIFERY CARE ~ NORTH DON RIVER VALLEY

SEEKING 2 GENERAL REGISTRANTS

Midwifery Care ~ North Don River Valley is looking for 2 full time General Registrants to start in summer 2018. We are a well established busy urban/suburban practice that serve a very socially and ethnically diverse clientele. Our catchment area includes North York, Thornhill, Richmond Hill and surrounding areas. Our clinic is located on Finch Avenue between Yonge and Bathurst. We are looking to hire 2 GRs who have experience operating in full scope and committed to being in a primary care call model.

We are a teaching practice with hospital privileges at North York General Hospital. We enjoy excellent inter-professional relationships with our hospital team and feel committed to growing our presence at our hospital. This potential candidate must exhibit strong communications skills, organizational and time management abilities and be an enthusiastic team player. Fluency in languages other than English may be an asset.

Our practice model involves assigning 2 midwives per client. The Coordinating midwife attends the birth in the primary role unless it is her weekend off. The second midwife will attend first when the primary is off call ie weekends (72hours). We take every other weekend off call with the 2 midwives on opposite weekends. When one of the midwives is unavailable for a birth another midwife from the practice will attend as the second.

Please send a resume and letter of introduction by February 23rd via **email to midwiferycarendrv@gmail.com**.

We will be holding interviews during the week of March 5th.
