Midwives of Brampton and Halton Hills is a busy urban/suburban practice that greatly values team work. As a practice we believe that work-life balance is extremely important for midwives to be able to enjoy their work. We work closely together to accomplish this goal.

We are currently seeking a General Registrant locum for a contract with caseload and on call start date of June 15, 2020. Orientation and some clinic one month prior. The successful candidates will work full time in a shared care team, billing 36BCC/year with 17 weeks vacation. The shared care rotation schedule alternates from one week on call followed by one week of clinic with 3 weeks scheduled vacation time after every 6 weeks worked. It is our expectation that any applicant for a locum position would have working essential midwifery equipment as per the CMO and would be comfortable both in a home and hospital birth setting. The hired candidate would also be expected to hold privileges at Brampton Civic Hospital and Halton Health Services- Georgetown site and live within 30-45 minutes driving distance of these hospitals. Midwives in our practice provide full scope of care in both hospitals so comfort/experience with managing epidurals and oxytocin would be an asset.

We are an established practice of midwives who have been serving Brampton and Halton Hills since 1994 with a commitment to:

- serving client and community needs
- strong systems of clinical and business practice
- work life balance
- healthy intra-practice relationships
- professional and respectful interactions with hospital peers
- job security and satisfaction for support staff

We are a teaching practice and work hard to support student education. The successful candidate will be able to demonstrate a strong capacity for ongoing learning, development, and growth as well as a facility for working and communicating effectively in teams.

We invite resumes to be submitted by mail, fax or email our office by Friday February 7th at 5pm. Only successful candidates will be contacted for an interview shortly thereafter:
