

MIDWIFERY COLLECTIVE OF ESSEX COUNTY IS SEEKING A GENERAL REGISTRANT

START DATE: SPRING 2019

IDEAL CANDIDATE

We are looking for a midwife:

- who is interested in community involvement and outreach.
- who believes in collaboration and teamwork
- who supports our team of midwives, administrators, and clients
- who has an interest in mentoring and educating new registrants and students
- who strives to keep up to date and provide evidence-based practice

OUR PRACTICE

This practice is based on a shared care model, and has a strong commitment to excellent community relations, and believes in balancing work and personal time.

We provide care in the City of Windsor and Essex County, with two clinics. Our main clinic is in the heart of the City of Windsor and we have a satellite clinic in Leamington, to provide close-to-home access to care for our county clients. The furthest part of our catchment area is less than a 1 hour drive from Windsor.

We serve a diverse community including many newcomers to Canada, Mennonites, and OMP special needs population. Experience with Low German or Spanish would be an asset.

OUR COMMUNITY

Windsor-Essex County is one of the most affordable communities in Canada. Low housing prices mean space for growing families and other living expenses are comparatively low. We have the longest growing season in Canada and many parks and outdoor areas to enjoy all year-round. The snow never stays long and the weather is the 7th most temperate in Canada.

OUR HOSPITALS

We have full scope at our two local hospitals. We collaborate with L&D nurses as second attendants at both Windsor Regional Hospital (level II) and Erie Shores Healthcare (level I) with obstetrics but no pediatrics.

We manage inductions, augmentation, and epidurals without transfer of care. Our local obstetricians support of shared care models and care is rarely transferred. As such, we would prefer someone with experience in complex care. Our practice promotes shared care whenever possible, and maintains excellent co-care for higher risk clients.

CONTACT

This position comes with a full case-load.

Interested midwives should send their CV and a cover letter to Andrea Cassidy at Fax to 519-252-4707 or email mcec@mac.com

Interviews will be arranged as soon as possible with a flexible start date. We look forward to working with you!
