

New Registrant Job Posting

The Midwives Collective of Toronto is seeking two new registrants to join our practice for a mentored year. We are actively seeking candidates who speak multiple languages and have varied personal and professional experiences. We value a diverse workforce that reflects the communities we serve.

Midwives of colour, especially Black candidates, as well as those with Arabic and Portuguese language capability, are encouraged to apply.

We are a large feminist group practice serving a diverse population of families in downtown Toronto. We work closely together as a group and think this helps us provide a consistent standard of care. We value continuity of care with care provided by small groups of known midwives. We are an active teaching practice. All midwives are expected to contribute to non-clinical work including such activities as outreach and teaching prenatal class.

We have privileges at Mount Sinai Hospital and manage labours with epidurals and induction/augmentations. We attend many births at the Toronto Birth Centre, and we also enjoy an active homebirth practice.

If you are interested in working with us for your mentored year please send by March 9, 2018 a curriculum vitae and covering letter to the contact information below. Only those selected for interview will be contacted.
