

Midwives Grey Bruce

Midwives Grey Bruce is seeking a New Registrant to begin a full-time contract in November 2018. Call us for an interview!

MGB is a dynamic and busy rural/semi-urban practice covering a large, beautiful catchment area. We are a practice of 10 midwives and are seeking a New Registrant interested in providing care to a diverse clientele with a high home birth rate.

Our main clinic is in Owen Sound, a charming lake-side community with good restaurants and a vibrant arts scene. We also have a second clinic site in Walkerton to support our clients in the southern part of our catchment area. Popular destinations, such as the Bruce Peninsula, Bruce Trail, and Sauble Beach are within our practice catchment area providing plenty of access to outdoor activities such as swimming, paddling, hiking and skiing.

As a practice, we are committed to supporting midwives in achieving work/life balance. As such, midwives at MGB work within a small team, shared-care model. Our New Registrants will be booked up to 35 clients within their contract and will be working according to their assigned caseload. We are also open to discussing early payment options to ease the transition to working full time. The caseload will be established and ready for the NR to assume the clients' care.

We hold privileges at three area hospitals: Grey Bruce Health Services - Owen Sound (Level 2), South Bruce Grey Health Centre – Walkerton (Level 1) and Hanover and District Hospital (Level 1). Epidurals and Inductions of Labour are currently transfers of care to our excellent Obstetric Team or Family Physicians at our local sites with change coming to full scope in the near future.

To apply, please either fax or email your cover letter and CV to us asap to:

Fax: 519-371-3326 Email: mgsadmin@rogers.com

Only those candidates selected for interviews will be contacted.
