

# **Needed General Registrant for Midwives of Windsor**

**Windsor and Essex County is a wonderful place to live with Detroit right across the river. We have all the cost savings, safety, and low commute times of a small city but have the advantages of a large city, with great shopping and 2 international airports all within a 30 minute drive. Windsor is the 4th most culturally diverse city in Canada. We also have great restaurants, entertainment and wineries at our door step.**

**We are urgently seeking general registrants to start as soon as hospital credentials are granted. We can have a full caseload of 30- 40/year which you can easily build once you start working with hospital credentials.**

**Off call is reasonable with 2 months a year and 2 weekends a month and we provide primary care, with coverage for off call times.**

**Our practice is busy with a good rural and urban mix. We have about a 30% home birth rate.**

**We do our own inductions and augmentations and no transfer of care for women with epidurals.**

**We have amazing hospital relations and consult with any and all the OBS in the area.**

**We deliver at Windsor Regional Hospital which is a level 2 1/2 hospital.**

**Please send resumes attn: Crystal Hall  
Crystalh50@ymail.com  
Fax: 519-252-4034**
