

Locum Position

New Life Midwives is taking applications for a locum midwife, to commence January 2020 for a period of one year.

We hold privileges at Lakeridge Health Corporation in Oshawa and Northumberland Hills Hospital in Cobourg, where good relationships are enjoyed between the staff, physicians and midwives. We are a full scope practice and anticipate no problems securing privileges.

New Life Midwives works in teams of three, allowing ample off call time to enjoy the amenities our beautiful catchment area has to offer.

While not guaranteed, the successful applicant will be offered full caseload, working in a shared care model.

We are situated in the Durham and Northumberland Hills regions, surrounded by the Oak Ridges Moraine in the north and Lake Ontario in the south. While predominantly urban, our catchment area is a mix of urban and rural geography. We are a thirty minute drive to Toronto.

The midwives in our practice are a dynamic, vibrant group of professionals that work collaboratively and whose opinions are valued equally.

Further information about our practice can be found on our website.

If you are interested in joining our team please send your resume to New Life Midwives by December 31, 2019.
