

Niagara Midwives

IMPP Contract

Start date – July 2018 with the possibility of a long-term contract

- **Niagara Midwives** is a semi-rural practice which opened in 1997 as the first midwifery practice in the region. Our homebirth rate is approximately 25% which includes births in our clinic. Our hospital privileges are with Niagara Health (NH) - St. Catharines Site where we full scope care.
- We are a **group of 14 midwives** who work within a shared care model of 3 midwives per team (2 MWs are currently on maternity leave).
- We are a **dedicated** group of women – to clients and each other. Our philosophy includes:
 - Providing safe, evidence based care
 - A balance between our personal and work lives (our call model is built on this principle)
 - A positive, supportive environment amongst the midwives in the practice
 - Continuity of care within a shared-care model such that clients receive seamless, consistent care from their team of midwives. Practice protocols are routinely utilized in addition to regular communication between team members to help us achieve this goal.
- **Requirements** for the position include:
 - Graduate of the IMPP in their supervised year
 - An openness to a part-time contract (25-34 clients) depending on the needs of the community and the practice
 - An openness to both primary and shared care - the model of care will depend on the needs of the practice at the time of hire
 - A self-starter with a sense of humour and strong work ethic
 - A person with strong organizational and communication skills as well as a focus and commitment to collegiality – both within the practice and the hospital
 - A care-provider with excellent clinical and care-management skills
- Please email your resume (including references) to niagara.midwives@mail.com where we will confirm receipt of your application.

RESUMES WILL BE ACCEPTED UNTIL THE POSITION IS FILLED / UNTIL THIS POSTING IS REMOVED FROM THE SITE.
