~ Our ideal candidate can cover the following dates:

- August 25 – 31
- September 8 – 14
- September 22 – 28
- September 29 – October 5
- OR we will consider anything between Aug 25 – Oct 19.

About the Locum opportunity:

This is a small practice group currently seeking a locum to cover one of four midwives. We are searching for a locum to fill in for a *part time, shared care* midwife, who works every other week on call. Off call weeks are completely off call and you do not need to be in the catchment area. On call weeks consist of covering call, doing clinic and postpartum care for the two-midwife team you will be a part of.

This is a locum that will be funded by the practice, not by the AOM locum program. We would consider clinic coverage at a rate of \$200/day. The candidate must already have liability insurance.

Assets in the General Registrant Midwife candidate:

- Comfortable with homebirth assisted by Second Attendants (we have a high homebirth rate), as well as birth at a level 1 hospital
- Able to apply for privileges immediately at our level 1 hospital
- Enjoyment of rural and small-town practice and community living
- Interest in low intervention midwifery care, promoting normal birth, and supporting clients to make informed choices
- Quick learner and adaptable to new situations
- Experience with Low-German speaking Mennonite culture is a bonus
