

## FULL-TIME MIDWIFE NEEDED

We are looking for 1-2 midwives to join our busy team!

**Start Date:** Flexible start April - June 2018

(We are happy to support new grads)

### **Our Practice:**

We work in a shared-care model with an average of 17 EDDS per month with waitlists. We offer 24 hour shifts with guaranteed income well above locum rates as well as 5 weeks of vacation per year. Every month we ensure a long weekend off.

We are a well-established practice with many repeat clients. We work out of a newly renovated clinic space in Rosemary Heights, South Surrey, close to the highway and amenities. We have two MOAs that job share and offer competitive benefits to both midwives and employees.

### **Our Catchment Area:**

We serve White Rock and South Surrey but also care for patients in North Surrey, Delta & Langley.

Our primary site is Peace Arch Hospital, a level one community hospital. This is a fantastic hospital that is very supportive of midwifery care. Several of the nurses and physicians are current or past clients. Our secondary site is Surrey Memorial Hospital, a tertiary level hospital with a large NICU.

### **Why We Like Working Here:**

- Peace Arch Hospital is truly a great place to work.
- This is a growing area with lots of amenities, schools, and a variety of restaurants.
- We are close to many beaches and parks, including Crescent Beach and the White Rock Pier.

**How to Apply:** Please send notification of interest to [info@semiahmoomidwives.com](mailto:info@semiahmoomidwives.com)
