

July 19, 2017

Sudbury Community Midwives is seeking a locum Midwife for a one-year ¾ to full-time position commencing February 2018; both General Registrants and New Registrants will be considered.

Established in 1993, we are a busy practice of 13 Midwives serving Greater Sudbury and the surrounding communities. We practice in a shared care model and our midwives work closely together to ensure continuity of care to our clients while at the same time maintaining work/life balance. Our practice enjoys excellent working relationships with family physicians, obstetricians and many other health care providers. The successful applicant will work in a shared-care team of 2 midwives. On-call and clinic schedule to be arranged within the team, with regular off-call time based on booked caseload.

Members of the practice have credentials at a single, modified level-two centre (Health Sciences North), where they are able to offer full-scope midwifery care. Midwives care for greater than 20% of the pregnant people in our community, and have an out-of-hospital birth rate of approximately 30%.

Interested applicants can learn more about our practice at [Sudburymidwives.com](http://Sudburymidwives.com) and can apply in confidence to [scmppracticemeeting@gmail.com](mailto:scmppracticemeeting@gmail.com). Applications will be accepted until September 8<sup>th</sup>, 2017. Only candidates selected for interview will be contacted.
