We are looking for a General Registrant to start at our St Thomas location in April 2018. St Thomas is an exponentially growing community and as such, we are in need of growing our practice! We have full caseload available. We are currently a practice of 11 midwives- 5 in our St Thomas office and 6 in our London satellite office. We hold privileges at LHSC-Victoria Site in London (Level 3) and St Thomas Elgin General Hospital (level 2) and practice full scope at both sites. As a midwife in the St Thomas office, you will primarily deliver at the St Thomas hospital and our homebirth rate is approximately 20%. We have a large Mennonite population and a growing Old Order Amish population. Our catchment at the St Thomas office includes all of Elgin County. We have lots of opportunities to get involved in community projects and hospital committee work as our community and hospital highly value midwifery input and involvement.

Our model of care is shared care, usually within a team of 2-3 midwives and we have an excellent off call schedule providing for a very good work/life balance for our midwives. We have 3 day weekends off every other weekend and clinic days we are off call. Our on call time is either 48 hrs or 72 hrs at a time with equal off call time. We have a very cohesive team of midwives and we support each other to promote a healthy work life and we seek an individual who is a team player, has a sense of humor, works well with other midwives in a shared care model and preferably with full scope experience. We have excellent relationships at our hospital with RNs, OBs and Pediatricians and require a midwife who works cohesively with other care providers. Our midwives typically take 8-10 wks vacation and 38-40 clients per year, however this can be flexible.

Please send your CV to talbotcreekmidwives@rogers.com with the subject line "Application for General Registrant St Thomas". We will contact selected applicants for an interview. Thank you for your interest!
