August 2018 General Registrant Locum Position

The Hamilton Midwives is looking for a General Registrant to cover a sick leave with minimum availability July 27 to September 6, 2018. Compensation will be the birth portion of five BCC's and whatever portion of the prenatal and postnatal care provided. The expectation is attendance at approximately five births as primary and five backups. Helping the wider team as necessary to cover for sleep/relief/simultaneous births is expected. The model is a week on call (no clinic time that week), followed by a week off call where you would only be responsible for seeing your shared August clients in the clinic. The model may be negotiable.

We are a busy teaching practice with full scope privileges at St Joseph's Healthcare and enjoy excellent interprofessional relationships within the community. We are a predominantly urban practice, but we do cover several outlying suburbs and villages in our very manageable catchment area.

This would be an excellent opportunity to get to know the community and us if you are thinking of a move to Hamilton, as we will be hiring a full time position to start April 2019. Hamilton benefits from close proximity and excellent transportation links to both the Toronto and Buffalo-Niagara areas. Hamilton has a vibrant cultural and arts scene, scores of excellent restaurants and many green spaces. There is a potential to billet with another midwife for this short-term locum.

We are only able to consider candidates who practice full scope. The ideal candidate will see their August clients in clinic prior to coming on call and follow them until discharge. However, if you are only able to work in August, we still encourage you to apply.

Please send your resume along with a covering letter to:

Shirin Aghili
