

# Trillium Midwives

Welcoming a General Registrant to grow with our new practice!

Trillium Midwives is a new practice in Markham, Ontario and opened in January 2018.

We are a group of two experienced midwives holding privileges at the Scarborough and Rouge Hospitals; both Birchmount and General campus. We are committed to compassionate, high quality and evidence-based midwifery care to our diverse clientele.

We work in a shared care model that centers around one week on-call and one week off-call, as well as 8 weeks vacation per year. We support each other in achieving and maintaining a work/life balance.

As our new General Registrant, a hardworking, good interpersonal skills and great team player with a positive outlook is a must. You are expected to be committed to providing compassionate client/person-centred care, have excellent skills in communication and interprofessional collaboration, and are skilled in the management of oxytocin augmentation and epidural.

We are looking for a Midwife to grow with our new practice who is also keen in contributing to non-clinical work including outreach and resource development; dedication to the promotion of out-of-hospital births including home births and Toronto Birth Center births; interested and skilled in developing positive inter-professional relationships.

We Prefer the new General Registrant to start working in July 2018, but you can choose to start in August or September 2018.

Applicants are invited to forward your Cover Letter and CVs (with 3 references) to Trillium Midwives at [info@trilliummidwives.ca](mailto:info@trilliummidwives.ca) by May 30, 2018.

Successful candidates will be contacted for interviews.
