

# UPTOWN & FAMILY MIDWIVES & WELLNESS

Uptown Midwives and Family Wellness is a new midwifery clinic located at Bathurst and Lawrence in midtown Toronto. We are associated with Midwifery Care-North Don River Valley through the Ministry of Health's satellite program. We are seeking an experienced general registrant to join our growing team of midwives. This is a full time, contract position with due dates starting in June 2018, and an opportunity to transition into a permanent position in the event of a good fit between the midwife and the practice. The ideal candidate will have full scope experience and have at least one year of experience as a General Registrant. They will exhibit strong leadership qualities, excellent communication skills and be willing to teach and mentor students, new registrants and junior colleagues.

We plan to be a busy teaching practice with full scope privileges at North York General Hospital, and have built excellent inter-professional relationships within the hospital and the broader community. We work in a collaborative week-on/week-off model with generous off-call time and flexibility around holidays.

Our patient population is diverse. We are located in the heart of the Hasidic Jewish community and have two orthodox Jewish midwives on our team. We are also located adjacent to the Lawrence Heights community, and provide care for a diverse population of new immigrants.

We are eager to fill this position as soon as possible, and will be interviewing over the next several weeks. Please send your resume, cover letter and references by January 29<sup>th</sup> to [uptownmidwives@gmail.com](mailto:uptownmidwives@gmail.com), with General Registrant in the subject line.
