

# Career Midwifery Research Grant

---

*High quality decision-making by midwives and clients is enhanced by access to midwifery-led research with a focus on normal pregnancy, birth, postpartum, and early newborn care. The Association of Ontario Midwives (AOM) has received funding from the Ontario Ministry of Health and Long-Term Care to support midwife-led research in Ontario. The Career Midwifery Research Grants will help strengthen the capacity of the profession and improve care for all midwifery clients and their families.*

*The AOM is committed to inclusive and equitable funding practices as part of its commitments to the restoration and renewal of Indigenous midwifery and the advancement of racial equity in the profession. We welcome and encourage applications from individuals who reflect the broad diversity of our community including Indigenous, Black and racialized midwives.*

*The maximum award is \$34,000.*

## **Eligible Projects**

Projects must have the potential to benefit childbearing families in Ontario and must reflect midwifery philosophies of care, considering Ontario midwives' unique scope of practice and models of care.

Funded projects are two-year (non-renewable) project grants. You may re-apply for the same research project if you have received notification that your previous application was not successful.

Multiple applications by the same principal investigator may be submitted for each grant stream. In awarding funding, the Peer Review Committee strives to support a diversity of projects, institutional affiliations, research teams, and midwifery voices.

## **Eligible Applicants**

The principal investigator of the Career Midwifery Research Grant must be a registered or Aboriginal midwife working under the exemption clause (8.3a of the Midwifery Act 1991 of Ontario) in Ontario, who is affiliated with a university in Ontario.

The AOM welcomes projects from teams of investigators. The team must identify a single person as principal investigator to whom correspondence should be directed. The principal investigator will be accountable to the AOM for compliance with the conditions of the award and for the provision of reports, financial statements, and all other aspects of the grant. When more than one investigator is named in an application, the principal investigator should provide a covering letter outlining the unique contribution of each investigator.

### Completed Application Includes:

- [Application and Budget Form](#)
- The following information in one document:
  - [Investigator Contributions Cover letter](#) *(if applicable)*
  - [Research Proposal](#)
- CV(s) *PDF(s) attached separately*

### Notice of Intent

To apply for the Career Midwifery Research Grant, applicants must first submit a [Notice of Intent to Apply \(NOI\)](#) by **September 27, 2021 at 11:59 pm**. The NOI is a mandatory step in the application process. Applicants must then submit the full application by the deadline date.

### Application Process

Please take the time to read the application and instructions carefully. The application deadline is **October 25, 2021 at 11:59pm**. It is your responsibility to ensure that the application and all supporting documentation are submitted on time. Incomplete or late applications will not be considered.

### Peer Review

Grants will be awarded following peer review by members of the Association of Ontario Midwives' [Midwifery Research Work Group](#) (MRWG) and external peer reviewers. The AOM takes every effort to ensure that the Peer Review Committee represents the diversity of midwives working in Ontario.

External peer reviewers from across Canada and internationally may not be familiar with specifics of Ontario midwifery. To facilitate a thorough peer review, please avoid the use of acronyms and describe any Ontario-specific midwifery programs (e.g., EMCMs, IMPs), or terminology etc.

For information and questions, please contact Alexa Minichiello at [researchgrants@aom.on.ca](mailto:researchgrants@aom.on.ca).

### Instructions for Submission:

Please submit the following by email to [researchgrants@aom.on.ca](mailto:researchgrants@aom.on.ca):

1. [Application and budget form](#)
2. The following three pieces combined as **one** Word or PDF document:

<a href="#">Investigator contributions letter</a>	(250 word maximum)	<b>Formatting requirements</b> <ul style="list-style-type: none"> <li>• 12-point font size</li> <li>• Times New Roman font</li> <li>• Single spaced</li> <li>• Minimum 2 cm margins</li> </ul>
<a href="#">Research proposal</a>	(5-page maximum)	
<a href="#">Indigenous sovereignty and equity considerations</a>	(500 word maximum)	

- References and any tables, charts, figures and graphs may be submitted as an appendix as part of the research proposal and are not considered part of the five-page limit.
  - File naming instructions: **Career\_GrantProposal\_YOUR NAME**
3. Submit all investigators' CVs as one combined PDF.

# Investigator Contribution Cover Letter

---

When more than one investigator is named in an application, the Principal Investigator must provide a covering letter outlining the unique contribution of each investigator.

## Research Proposal

---

Summarize your proposed research plan according to the headings below.

- **Introduction/overview of literature review**
- **Objectives**
- **Relevance to midwifery and/or AOM strategic goals and objectives**
- **Methodology** (*Provide an overview of the approach and the population that will be used. If you plan to use human subjects, please outline how you will obtain ethics approval*)
- **Timeline** (*Demonstrate how you will complete this project within 24 months of receiving funding approval*)
- **Importance of the proposed research and expected results** (*Describe the expected outcomes highlighting the significance of the research and how it will advance knowledge and/or its application to midwifery. Please describe plans for knowledge translation and dissemination*)

## Indigenous Sovereignty and Equity Considerations

**In an additional 500 words or less, please respond to the following questions:**

1. Describe, where appropriate, how the project demonstrates potential for increasing Indigenous sovereignty, racial and/or population health equity. If this is not applicable, describe why.
2. Describe how the proposed research plan addresses Indigenous sovereignty, racial equity, health equity, and/or other forms of systemic oppression in the research study objectives, methods, analysis, outcomes and potential impacts. If this is not applicable, describe why.
3. Describe how the lived experiences of your research team reflect that of your proposed study participants and their community(ies). If not, describe the process of how you will involve the perspectives of this/these community(ies) throughout the project. If this is not applicable, describe why.
4. If your proposed project involves Indigenous communities, how will your research respect [OCAP principles](#)?

## Appendix: Assessment criteria

Criteria	Absent	Fair	Good	Excellent	Reviewer's score
<b>Research concept</b> <i>How well developed is the research project? Consider the following:</i> <ul style="list-style-type: none"> <li>The research questions and objectives are clearly defined, original, and are reflective of context and needs (issues and/or gaps).</li> <li>The proposal is well written and flows logically.</li> <li>The scope of the project is appropriate considering the applicant's available resources, and the allotted timeframe.</li> </ul>	0	1	2	3	
<b>Relevance to midwifery</b> <i>How relevant is the project to midwifery? Consider the following:</i> <ul style="list-style-type: none"> <li>The project has the potential to benefit childbearing families in Ontario.</li> <li>The project aligns with the midwifery philosophy of care.</li> </ul>	0	1	2	3	
<b>Research design and methodology</b> <ul style="list-style-type: none"> <li><i>Are the research methods appropriate and well described? Consider the following:</i></li> <li>The proposed methods are appropriate for the research question(s).</li> <li>The analytical framework and methods are clearly described and realistic.</li> <li>The proposed research plan describes considerations for disadvantaged groups. If not applicable, an explanation is provided.</li> <li>If applicable, the procedure for obtaining ethics approval is clearly described.</li> </ul>	0	1	2	3	
<b>Indigenous Sovereignty and Equity Considerations</b> <i>Does the research project have the potential to increase equity? Consider the following:</i> <ul style="list-style-type: none"> <li>The potential impact to increase Indigenous sovereignty, racial and/or population health equity is clear.</li> <li>The research proposal clearly addresses racial and/or other systemic forms of oppression in the context of the research questions, design, outputs, and impacts.</li> <li>The project team reflects or will involve the perspectives of from the study participants/community(ies).</li> <li>If any or all of the above is not applicable, the project has appropriately justified why.</li> </ul>	0	1	2	3	
<b>Knowledge Translation</b> <i>What will be the impact of the research and has the applicant considered how to disseminate the findings appropriately? Consider the following:</i> <ul style="list-style-type: none"> <li>The potential impact of the research results is well described.</li> <li>The proposal includes an appropriate plan for knowledge translation and dissemination.</li> </ul>	0	1	2	3
