NEW REGISTRANT OPPORTUNITY

Are you a New Registrant looking for a vibrant and growing community to work and live? Are you interested in working in a full-scope community while serving BIPOC clients?

We are looking for a New Registrant to join our practice and that person might be you!

We are able to accept IMPP NR applicants requiring a CMO Supervision Plan before starting their NR year.

This position is permanent starting with a one-year contract with the likelihood of partnership after the NR year. This position offers full caseload (40 BCC's) with the option for less caseload if desired.

We are located in Brampton and have privileges at Etobicoke General Hospital a division of the William Osler Health System. Our catchment includes Caledon, Bolton, Woodbridge and Vaughan so there are lots of places that you can live and have proximal access to Toronto, Niagara Falls, the US, the rolling countryside of Caledon and even skiing up North.

AMMA Midwives is a practice committed to creating a workplace culture that supports sustainable work-life balance through respectful communication and relationships with our peers and allied health care professionals. We encourage our midwives to explore their interests in academic research, CMO or AOM activities as well as personal hobbies.

We work in both a traditional midwifery model and an alternative model in order to meet the needs of midwives in all stages of their lives and careers.

We enjoy supporting a highly racialized community and therefore fluency in Spanish, French, Arabic, and/or a South Asian language would be an asset but is not required. Our practice is deeply rooted in our community and we have built alliances with various health organizations to ensure our clients are well supported.

We are a teaching practice and will have students working with us throughout the year at various levels of placement.

Please email your resume and accompanying cover letter to admin@ammamidwives.com by **October 31, 2022.** Please indicate "New Registrant" in the subject line. We look forward to meeting you very soon!
