

Community Care Midwives

Community Care Midwives are looking for a locum midwife starting the end of September 2022.

We are located in Oshawa and hold full scope privileges at Lakeridge Health Oshawa Hospital. Our practice has an excellent relationship with the hospital which is very supportive of the midwifery profession and the growth of midwifery at Lakeridge Health.

Community Care Midwives has 8 midwives working in 2 teams. We work in a team model of care and we are very supportive of each other. We provide care to a very diverse cliental located through Durham region.

We are looking for someone interested in working 1-2 weeks every month for 6-12 months over the next year, but we are open to negotiations. If you are interested please forward your resume to
