New Registrant Position

Start Date: September 1st 2020

Community Midwives of Brantford is looking for General Registrants to join our group. We have a large homebirth population and have established a good working relationship with the nurses and obstetricians at our local hospital. Our local MPP had been extremely supportive in securing funding for our practice.

The position is for a **full time or part-time** job share position.

Brantford is a community of approximately 102,000 people with a small-time vibe. It is continually growing, due to the affordable housing and its central location, between London and Toronto.

There are lovely walking/biking paths which extend along the beautiful Grand River in two directions. North toward Cambridge and East toward Hamilton. The Sanderson Centre for the Performing Arts is located in our downtown, close to Wilfrid Laurier University.
