

General Registrant Position Available Spring 2023

Community Midwives of Halton is a well established practice that services clients in the communities of Oakville, Milton, west Mississauga, Burlington and Waterdown. Our clinics are located in Oakville next to Oakville Trafalgar Memorial Hospital and downtown Milton. We serve a diverse population in our expanding community, seeking to provide inclusive, client centered care. We hold privileges at both the Oakville Trafalgar Memorial Hospital as well as Milton District Hospital, and we enjoy a supportive collegial relationship within both sites. Our practice is full scope and thus experience with epidurals and oxytocin will be an asset for applicants. Interest in homebirth also continues to be steady within our client base.

Our practice is seeking an experienced general registrant applicant for a full time position available within our Milton team. We are recruiting for a permanent long term position following successful integration into the practice. The start time is somewhat flexible, but ideally by mid-May. The candidate will be working within a shared care team model, joining teams of 2-3 midwives with approximately 3-4 BCC a month.

We invite interested applicants to submit their CVs and letters of introduction to info@haltonmidwives.com with "General Registrant Position" as the subject, as we will begin interviewing in February. Only potential candidates will be contacted for a virtual interview.
