

2 General Registrant Locum Contracts Available Immediately-January 2022

Community Midwives of Halton is a well established practice that services clients in the communities of Oakville, Milton, west Mississauga, Burlington and Waterdown. Our clinics are located in Oakville next to Oakville Trafalgar Memorial Hospital and downtown Milton. We serve a diverse population in our expanding community, seeking to provide inclusive, client centered care. We hold privileges at both the Oakville Trafalgar Memorial Hospital as well as Milton District Hospital, and we enjoy a supportive collegial relationship within both sites. Our practice is full scope and thus experience with epidurals and oxytocin will be an asset for applicants. Interest in homebirth also continues to be steady within our client base.

Our practice is seeking GR applicants for 2 locum positions available immediately within our Oakville team. The locum positions are to replace a sudden medical leave as well as the remainder of a maternity leave. The contracts are for approximately 6-7months (depending on start dates) with the possibility of extension. The candidate(s) will be working within a shared care team model, joining teams of 2-3 midwives with approximately 3-4 BCC a month.

We invite interested applicants to submit their CVs and letters of introduction to info@haltonmidwives.com with "General Registrant Locum Position" as the subject, as we are currently interviewing. Only potential candidates will be contacted for a virtual interview.
