

## **2 New Registrant Contracts Available Fiscal 2022-2023**

Community Midwives of Halton is a well established practice that services clients in the communities of Oakville, Milton, west Mississauga, Burlington and Waterdown. Our clinics are located in Oakville next to Oakville Trafalgar Memorial Hospital and downtown Milton. We serve a diverse population in our expanding community, seeking to provide inclusive, client centered care. We hold privileges at both the Oakville Trafalgar Memorial Hospital as well as Milton District Hospital, and we enjoy a supportive collegial relationship within both sites. Our practice is full scope and thus experience with epidurals and oxytocin will be an asset for applicants. Interest in homebirth also continues to be steady within our client base.

Our practice is seeking two NR applicants for 2 positions available within our Oakville team. The positions are for a one year NR contract with the potential to become long term. The start times will be staggered with the first position to start as soon as the NR can become registered, and the second to start in late summer/early fall, both with caseload already built up. The candidate(s) will be working within a shared care team model, joining teams of 2-3 midwives with approximately 3-4 BCC a month.

We invite interested applicants to submit their CVs and letters of introduction to [info@haltonmidwives.com](mailto:info@haltonmidwives.com) with "New Registrant Position" as the subject, as we will begin interviewing in January. Only potential candidates will be contacted for a virtual interview.
