

LOCUM GENERAL REGISTRANT POSITION 4 MONTHS CONTRACT WITH POSSIBLE EXTENSION

MAY 1, 2024 – AUGUST 31, 2024

NOW HIRING

Come join us! Family Midwifery Care is seeking a General Registrant LOCUM midwife to start May 1, 2024 and ending August 31, 2024.

OUR PRACTICE

We are a well-established practice of 16 midwives working in a shared care model. In this model midwives work in primary care teams of two or three midwives. This allows us the satisfaction of getting to know our clients well, while at the same time having a generous amount of off call time. We are a supportive, fair and flexible group where both full and part time midwives are able to work towards a healthy work life balance.

ALL WELCOME

We are actively seeking candidates who have varied personal and professional experiences. We value a diverse work team that reflects the communities we serve. Midwives that identify as BIPOC are encouraged to apply.

ABOUT US

- We serve a diverse group of families in Guelph, Fergus and surrounding areas including some Mennonite and other rural communities.
- We hold privileges at Guelph General Hospital (Level II). 3 of our teams also work out of Groves memorial hospital in Fergus. We have very good inter-professional relationships at both hospitals
- Guelph is a vibrant university community with abundant outdoor activities, agriculture, arts and academics.

We would love to hear from you!
