for a  
**New Registrant**

*Starting February 1<sup>st</sup> 2023 for NR year with a possible extension*

Come join us in Guelph at Family Midwifery Care

We are a well-established practice (24years) of 14 midwives working in a shared care model. In this model midwives work in primary care teams of two or three midwives.

We also have 3 excellent admin staff supporting us. Our charting is done with EMR (Accuro). We serve an urban and semi-rural population and have a 20% home birth rate. Our catchment area is Guelph and surrounding area.

We have admitting privileges at Guelph General Hospital (Level 2) where we have excellent relationships with nursing staff and Obstetricians. We keep care for epidural and transfer for oxytocin.

We have regular educational rounds held with obstetricians and midwifery department meetings.

Guelph is a vibrant university community with abundant outdoor activities, agriculture, arts and academics.

**Please send your cover letter and resume by September 30th, 2022 to:**
