

New Registrant Posting

Good news! **Generations Midwifery Care** is looking for a **New Registrant** to join our sweet little team in the Brockville area!

We have a great practice in a large rural and semi-rural catchment area and we want someone who loves to drive down long country roads with the windows down and the music turned up! We are committed to providing a New Registrant with support to help them navigate their first year of independent practice. We hope that by the time you've fulfilled your birth numbers, you will feel confident and proud of the care and knowledge you are able to provide. We are looking for someone who is willing to commit to being flexible, curious, and a hard worker as you help us serve clients in our area.

We love how many home births we have the privilege of attending in our communities! On our lower months, we have a 50% home birth rate and on our higher months we can have up to 80% planned home births.

We have privileges in the Level 1 hospital located in Brockville. We enjoy good working relationships with the OB's and nurses there. Our hospital (Brockville General Hospital), unlike many Level 1 hospitals, has a few paediatricians on call and respiratory therapists on site at all times. We transfer high risk clients to both Kingston and Ottawa depending on where clients live. We do not have full scope of practice at our hospital. Although we do run oxytocin inductions, we DO NOT have epidural privileges at this time but they are on the horizon.

Everyone in our practice currently works in a primary care model. We support each other with time off when requested or needed. We live in an area full of amazing outdoor adventures waiting to be experienced. Hiking, kayaking, skiing, swimming, running, and camping are all within our catchment. This means that being on call does not have to prevent you from living an outdoor life. In addition, if the great outdoors isn't for you, there are fabulous community fairs, farmer's markets, live theatre, museums and festivals to keep you engaged in the area's charms.

If this ad gets you excited and curious, send us your CV with cover letter to admin@generationsmidwifery.ca. Let us know who you are and why you think you would be a good fit for our group and our communities.
