WHY MAKE THE HIGHLANDS AS YOUR HOME?

Established rural practice

Outdoor lifestyle

Flexibility - part-time to full time work, primary or shared call

Schedule Q funding

Flexible start date, waitlist

Registered Midwife – rural/remote practice

About us

We have served our large catchment area since 2008. Our catchment area borders Algonquin park and includes two clinic sites located in the villages of Haliburton (primary clinic) and the town of Bancroft. We hold privileges at the Peterborough Regional Health centre where we enjoy excellent interprofessional relationships and limited scope. The hospital is a scenic 95km drive from our primary clinic and outside of our catchment area. We have homebirth rates of 25-40%.

We are seeking a registered midwife to join our Bancroft team. Option of shared or primary care in a small MPG, 3 BCC a month + option for schedule Q work.

Why work here

Our clinics are minutes away from countless lake and rivers and thousands of acres of natural space. We are approximately 1.5 hours from larger centres including Orillia, Peterborough and Belleville. Midwives at our practice can enjoy a balanced outdoor lifestyle including hiking, swimming, camping, canoeing, skiing, cycling and many outdoor pursuits even while on call. We are hoping to connect with a midwife who understands why we work here and who appreciates the challenges and deep rewards of rural midwifery practice. As a rural practicing midwife you may qualify for student loan forgiveness!

Interested?

We would love to hear from you. Please email  annalee@hbmw.ca with your CV and coverletter to learn more about our team, our community, and this opportunity.
