

# WE ARE HIRING!

## Registered Midwife *part-time job share*

### Position Overview :

Kensington Midwives is piloting a designated community birth team to support clients who are planning out-of-hospital births.

We are looking for **2 “hospitalist” midwives** to job share a part-time position in support of a team with a high degree of focus on physiological and community birth, with low caseload and flexible colleagues.

The role requires:

- 2 weeks on-call per month responding to clients requiring hospital assessments, transfers from out-of-hospital births, and hospital back-ups for other teams at the practice.
- 1 clinic day per month.
- Willingness and availability to be flexible with tasks

The role would be a particularly good fit for someone who has other commitments, such as grad school, teaching, young children, etc. but are trying to stay connected to client care midwifery!

### About Kensington Midwives

Kensington Midwives is located in Kensington Market, serving downtown Toronto. Our catchment area covers north to the 401, south to Lake Ontario, west to Humber River, east to Victoria Park. Our clinic space is bright and comfortable within a larger secure health building. We use Accuro EMR and have abundant support from our administrative staff.

We have privileges at St. Joseph's Health Centre, where we maintain care for epidurals and oxytocin augmentations. We also have privileges at the Toronto Birth Centre.

### Compensation :

1 BCC per month OR an hourly salary with an on-call fee will be considered.

### Start Date:

We are ideally looking for a Summer 2026 start, but are flexible for the right fit.

### How to Apply?
