General Registrant Position (Full-Time or Part-Time) Starting Spring 2027

Kitchener Waterloo Midwifery Associates is a well-established, dynamic practice seeking a General Registrant to join our team beginning in **Spring 2027**. We offer flexible full-time or part-time opportunities and are committed to developing innovative models of care that support both excellent client care and the long-term sustainability of our midwives.

Our practice consists of eight midwives and reflects the diversity of the community we serve. Our team includes Canadian- and internationally-trained midwives who collectively speak English, Farsi, Turkish, and Mandarin. We are committed to fostering an inclusive, supportive, and collaborative workplace.

Conveniently located directly across from Waterloo Regional Health Network – Midtown, our clinic features an on-site Birth Suite that offers clients an alternative to hospital or home birth. Approximately **28% of our births take place out of hospital**. Our privileges at Waterloo Regional Health Network – Midtown include the management of epidurals and oxytocin for augmentations, pre-labour rupture of membranes (PROM), and low-risk postdates inductions.

KWMA values professional growth and lifelong learning. New team members receive comprehensive mentorship and orientation to Waterloo Regional Health Network – Midtown, as well as support in becoming familiar with local resources and community standards of care. We use Accuro EMR for charting, and our experienced administrative team provides exceptional support, allowing our midwives to focus on providing excellent care.

We recognize the importance of maintaining a healthy work-life balance and prioritize regular protected time off-call, scheduled vacations, and sustainable workloads. The Kitchener-Waterloo region is one of Ontario's fastest-growing communities, offering the perfect balance of urban amenities and outdoor recreation. Home to two world-renowned universities and a thriving technology sector, the region attracts many young families and offers a vibrant cultural scene.

We are excited to welcome a General Registrant to our practice and hope to find someone interested in becoming a long-term member of our team.
