

Locum – Start Immediately

Kitchener Waterloo Midwifery Associates (KWMA) is seeking a Locum to start immediately with the possibility of long term employment.

We are a practice of 8 midwives who provide primary care and work in two teams. Our co-operative team environment allows us 2 days off every weekend. We would welcome any midwife who demonstrates the professional work ethics of accountability, effective time management and respect for the principles of Ontario Midwifery and the personal ethics of loyalty, flexibility and understanding. No cost housing will be provided for the duration.

We look forward to carefully reviewing all applications.

Please submit resume to midwifery@bellnet.ca or fax to 519-569-7828.
