## **Locum Position** 6-12 months beginning November 2019

The Midwives Clinic of East York-Don Mills (TMC) is a large urban practice in the east end of Toronto. We have privileges at Michael Garron Hospital and the Toronto Birth Centre. We have full scope and excellent relationships with our consultants. We serve a diverse clientele and a large number of uninsured clients.

We are looking to hire a General Registrant for a locum beginning in November for a midwife who is taking a 6-12 month leave. The successful applicant can anticipate a caseload of 30-34 clients a year and will work in a shared call model in a team of 3 midwives.

If interested please send or fax your application to the email below by June 19, 2019. We anticipate that we will be doing interviews on the morning of June 24, 2019.
