

# **Midwives Grey Bruce**

Is Seeking A General Registrant for a Locum  
Position August 1<sup>st</sup>, 2022 to January 31, 2023

Enjoy work/life balance with flexibility and plenty of time off

Contact us for an interview!

We serve a vast catchment area that stretches from Tobermory to Kincardine to the Beaver Valley, including the lands of Saugeen First Nation and Neyaashiinigming (Chippewas of Nawash Unceded) First Nation.

Midwives Grey Bruce (MGB) is a dynamic and busy rural/semi-urban practice covering a large, beautiful catchment area. We are a practice of 12 midwives (11 GR and 1 NR) and we are seeking a General Registrant who is interested in providing care to a diverse clientele with a high home birth rate. We strongly support informed choice for our clients. We are committed to providing inclusive and culturally safe care. MGB is a dedicated teaching practice that strives to offer students enriching and positive learning experiences.

Our main, newly renovated clinic is in Owen Sound, a charming lakeside community with great restaurants and a vibrant arts scene. We also have a lovely, new second clinic site in the quaint, small town of Walkerton to support our clients in the southern part of our catchment area.

Popular destinations, such as the Bruce Peninsula National Park, the Bruce Trail and Sauble Beach are within our catchment area providing plenty of access to outdoor activities such as swimming, paddling, hiking and skiing.

We are committed to supporting midwives in being their authentic selves and achieving work-life balance. As such, midwives at MGB work within a small team, shared care model. The successful applicant will receive approximately 3 BCCs per month and will meet with their team to develop an optimal schedule. At MGB we strive to make decisions that affect the practice as a collective, ensuring that all voices are heard.

We hold privileges at three area hospitals: Grey Bruce Health Services Owen Sound (Level 2), South Bruce Grey Health Centre Walkerton (Level 1) and Hanover District Hospital (Level 1). As a practice, we are working towards managing epidurals at all 3 of these hospitals.

We are committed to inclusion and diversity and as such we encourage you to share with us if you identify as a candidate that has insight and knowledge to provide exceptional care to our clients. We encourage applications from those who identify as Black, Indigenous, people of colour, LGBTQ2+ or people with disabilities. Please let us know of your interest in joining our team and if you require an accommodation to participate in the hiring process.

To apply, please fax or email your cover letter and CV to us.
