POSITION FOR NEW REGISTRANT

We are looking for a New Registrant to join our practice in Summer or Fall 2020. For the right candidate, this could be a permanent position with the opportunity for partnership.

Midwives of Middlesex & Area is located in north London with a focus on the surrounding communities of Middlesex county. We are a group of 7 midwives with administrative support 4 days a week. In 2018 we moved into a new office with a clinic birthing suite. We have privileges at London Health Sciences Centre (Level 3), where we manage oxytocin and maintain care for epidurals. There are tentative plans for midwives to begin managing epidurals later this year. There is a large supportive midwifery department and excellent working relationships with the obstetrical and nursing departments.

The successful candidate would be seeking $\frac{3}{4}$ to full time caseload. Ideally, this candidate would also have experience with oxytocin management, a strong commitment to supporting client choice, and would be comfortable providing care in rural communities.

This is an exciting opportunity to join a supportive and growing practice.

Please fax or email your resume and cover letter to our office by May 8. Only applicants selected for an interview will be contacted.

Thank you for your application.
