Seeking Locum Midwife

approved for funding by the AOM rural/remote locum program for

August to September 2026

Seeking a midwife to assist our team from late August to mid September 2026.

Flexibility in how time is used & open to discussing availability!

ABOUT US:

- Classified as Remote Practice, celebrating 20+ years.
- Reduced number of midwives due to leaves
- Work in hybrid model that encourages client connection as well as having a good work/life balance.
- Privileges at Pembroke Hospital – collegial relationship with 3 OB's, working in full scope.
- Accuro EMR and excellent admin support
- 2 unique clinic sites. Petawawa (75% client base) and Killaloe (25% of client base).
- Homebirth rate ranges from 35-45%.
- Bounded by Algonquin Park to the east and the Ottawa River to the west our catchment is vast and beautiful, with rolling hills, forests, lakes and rivers.
- Ample 4 season outdoor recreational opportunities.
- Small cities of Pembroke, Petawawa and Renfrew and smaller communities like Deep River, Cobden, Eganville, Killaloe, Barry's Bay and Combermere, each with their own vibrant arts community and farmers markets.

ABOUT YOU:

- Flexible and energetic individual who is committed to rural women's health
- Excellent clinician and communicator
- Comfortable with homebirth at a distance from hospital
- Comfortable occasionally working with second birth attendants
- Ability to contribute to a supportive and respectful working environment
- Positive outlook and a sense of humour
