

Norfolk Roots Midwives seeks a Midwife

~ starting clinic in as soon as possible, call in March 2020

About Norfolk Roots Midwives:

We officially opened in February of 2016 in the town of Simcoe, ON, near Lake Erie. This is a small practice group currently seeking a fourth midwife. We are searching for a candidate for a ***part time, shared care*** role, with the anticipation of ***generous off call time*** for enhanced ***work-life balance***, ideally every other week off. This role can be filled by a locum, general registrant or new registrant. It has the opportunity to be a permanent position.

The potential candidate has an opportunity to enter a newer practice group and contribute to its growth. There is already a vision of sustainable practice, supporting healthy midwives, and a balanced lifestyle. The General Registrant joins Norfolk Roots Midwives as an equally autonomous independent contractor working together as a team. There is the advantage of the flexibility that comes from joining a practice group that is still developing clinical protocols.

~ Bring your ideas and help us grow!

Assets in the General Registrant Midwife candidate:

- Comfortable with homebirth assisted by Second Attendants (we have a high homebirth rate), as well as birth at level 1 hospital (we also maintain courtesy/consulting privileges at a level 2 hospital)
- Enjoyment of rural and small town practice and community living
- Interest in low intervention midwifery care, promoting normal birth, and supporting clients to make informed choices
- Committed to working together as part of a cooperative midwifery practice
- Experience with Low-German speaking Mennonite culture is a bonus

About Norfolk County:

Located in southwestern Ontario along the north shore of Lake Erie, Norfolk County is considered Ontario's Garden. Known for its long sandy beaches, beautiful Carolinian forests, fertile fields and farmers' markets, Norfolk County has plenty of activities for recreation and leisure. When choosing a place to live, there are many small towns surrounded by rural forests and farm area. This beautiful, natural environment is the perfect place to be a part of a community-focused midwifery practice. See Norfolk County's website for more information:
