The Midwives Clinic of East York-Don Mills (TMC) is a large urban practice in the east end of Toronto. We have privileges at Michael Garron Hospital and the Toronto Birth Centre. We have full scope and excellent relationships with our consultants. We serve a diverse clientele and a large number of uninsured clients. One of our teams also works out of Women's Health in Women's Hands CHC, a community health centre serving uninsured and racialized people from the African, Black, Caribbean, Latin American and South Asian communities in Toronto.

We are looking to hire 1 GR in a 3-RM/POD position with a start date of October 1, 2025 (on-boarding) and November 1, 2025 (on-call). This position is a 12-18 month opening. The successful applicant can anticipate a caseload of 32-36 clients and excellent support and mentoring. We invite MEP or IMPP graduates to apply and we strongly encourage BIPOC applicants. Additional languages spoken will be an asset.

We plan to hold interviews as soon as possible.
