

COMMUNITY MIDWIVES of HAMILTON

356 Main Street West, Hamilton, On L8P 1K2

Phone (905) 546-5444 Fax (905)546-1333 Pager (905)769-1996

General Registrant Position

Community Midwives of Hamilton is seeking one General Registrant (GR) for a Winter/Spring 2022, negotiable start date. It is a 1 year, contract position, with potential to extend the contract. We are a busy, urban, teaching practice that offers diverse and unique opportunities for you.

We offer a positive, supportive, and flexible work environment with different models of care, including primary and shared care. We are looking for an GR to work in a primary call model with 2-3 months off during the year. Primary call midwives, book 4-5 clients per month and can expect to have every second weekend off-call from Thursday evening until Monday morning. There is a potential to move call models based on availability of pairings.

Our practice members provide preceptorship and mentoring to midwifery students, and have strong inter-professional relationships, holding positions in many hospitals, AOM and CMO committees. New GRs will receive orientation and support to clinic and community standards. If you are coming from outside the community, it will be our pleasure to provide orientation and supervision as part of hospital privileging.

We are a busy teaching clinic. GRs have the opportunity be involved with running student workshops, providing support for first year midwifery student experiences and medical student observations. There are also many opportunities to be involved with the McMaster Midwifery Education Program teaching sessions. You will also likely be involved in the supervision and preceptorship of NC and senior students.

Our practice has privileges at Hamilton Health Sciences and St. Joseph's Hospital. Hamilton is an excellent location for a GR to practice to their full scope in a supportive environment. Hamilton has a very diverse population, and our clinic has partnered with North Hamilton and the Francophone Health Centre as well as receiving referrals from other community organizations. This gives GRs a well-rounded exposure to serving a variety of clients with diverse needs. We have midwives who provide care in Arabic, French and Spanish.

Hamilton and surrounding area offer green space, waterfalls, parks, and hiking trails alongside a vibrant and re-emerging downtown core complete with unique, delicious restaurants, theatre, and a thriving art scene.

The job posting will remain open until a candidate is found. You will only be contacted if you are successful in achieving an interview.

If interested, please submit a faxed or emailed cover letter and CV to the attention of Kate Demers.
