201-1057 Main Street West, Hamilton, On L8S 1B7

Phone (905) 546-5444 Fax (905)546-1333 Pager (905)769-1996

New Registrant Position

Community Midwives of Hamilton is seeking a New Registrant (NR) for a 2023-2024 contract position with a summer start date. It is a minimum one-year contract position, with strong potential for extension. We are a busy urban teaching practice that offers diverse and unique opportunities for your NR year.

We offer a positive, supportive, and flexible work environment with different models of care, including primary and shared call. All NRs start with six weeks of primary call for orientation to our clinic, community, and hospitals. NRs are paired with an assigned mentor from the practice group for their first year. The mentor provides one-to-one support during orientation, is available for ongoing questions or concerns, and conducts regular reviews as part of your transition to a General Registrant.

Our practice maintains active privileges at Hamilton Health Sciences (HHS) and St. Joseph's Healthcare Hamilton (SJHH). Hamilton is an excellent location for an NR to develop and practice to their full scope in a supportive environment. HHS offers the benefits of a Midwifery Care Unit. Officially opened in 2022, this unit offers midwives the opportunity to continue to support and develop alternative models of care in our community.

Hamilton has a very diverse population, and our clinic has developed several community partnerships for the provision of accessible midwifery care. This gives NRs the opportunity to work with clients with diverse needs. We currently have midwives who provide care in Arabic and French.

Hamilton and the surrounding areas offer beautiful green spaces - including renown waterfalls, parks, and hiking trails; alongside a vibrant and re-emerging downtown core complete with a variety of cultural experiences - food, theatre, and a thriving art scene.

We are seeking a dedicated team member who is innovative and passionate about the care they provide. We welcome candidates with experience working with clients of diverse backgrounds. Additional languages are an asset. We are committed to reflecting the diverse community we work with - midwives who identify as IBPOC are encouraged to apply.

The job posting will remain open until January 31, 2023. You will only be contacted if you are successful in achieving an interview. Successful candidates are expected to apply for a bridging certificate from the CMO to allow for an early summer start date.

If interested, please submit a faxed or emailed cover letter and CV to the attention of Kate Demers.
