Transition Management Contract

We are closing our midwifery practice as of January 7, 2024, and are looking to hire somebody in a part-time contract position to help us navigate this transition.

Most of our midwife members and all business partners are continuing full-time clinical practice throughout this transition. At present, we have 1.5 administrative staff who will complete their work with us as of December 22, 2023.

Our practice experienced a flood in August and we are currently practicing out of a temporary site that is small for our day-to-day needs. We have some of our supplies and equipment in a storage facility off-site. Problem-solving operational needs in the short term will be within the scope of this work.

Ideally we are looking for somebody who has experience with practice dissolution. We would consider hiring somebody who is or has been a business partner with experience in all facets of the business.

Please send a letter of interest outlining your relevant experience, and your CV to partners@ottawamidwives.ca.

We are hoping to find somebody asap, and hoping for some applications before Nov 20th. The posting will remain beyond this date if we haven't found anybody.
