

Dandelion Midwifery and Family Wellness is actively seeking to expand our practice to meet the community need. We're seeking a full-time registered midwife to join us with a flexible start date. We are located on the traditional territory of the WSÁNEĆ people, providing care to families living on the Saanich Peninsula. Our clinic is located in the heart of beautiful Brentwood Bay.

The midwife would be joining 3 other midwives in a solo supported model, providing care for 3-4 due dates per month, with a schedule that includes regular protected off-call time. We provide both home and hospital birth care. Victoria General Hospital is a Level 3 hospital with 24/7 on-call OB, peds, NICU, and anesthesia. We enjoy collaborative and supportive relationships with our physician consultants.

We are a practice that is committed to providing a safe and inclusive space for our clients. Being located on the territory of the Tsartlip First Nation and close to Pauquachin, Tsawout and Tseycum communities, our midwives provide care to a large number of Indigenous families. Indigenous midwives are strongly encouraged to apply, and there is opportunity for a full time, permanent position for an Indigenous midwife.

We have the most amazing MOA and use Oscar/JUNO EMR.

If you are looking to join a solid group of midwives in a wonderful rural-feel community we'd love to hear from you. Please send an email with your CV & the names of 2 references to

[dandelionmidwifery@gmail.com](mailto:dandelionmidwifery@gmail.com)

Thank you!
